5997 ---

The Board submits that the Collector of South Kanara has reported that the President, S.K.C.C.W.Stores Limited, is willing to take up the work of Storage and distribution of foodgrains on agency basis on a commission of Re.0-2-0 per maund instead of the usual rate of Re.0-1-0 per maund for the reason that the normal commission of Re.0-1-0 per maund is too meagre to cover the cost of establishment, contingency and stationery charges. The Collector has reported that it is not practicable to arrange for the reception and storage of stocks entirely under Government auspices and that there is no other equally suitable agency which is prepared to function at a lesser rate of commission. He has therefore recommended that the increased rate of commission at 0-2-0 per maund may be allowed. In the circumstances reported by the Collector, the Board recommends that the Stores may be allowed the increased rate of commission at Re.0-2-0 per maund as a special case. The Board in this connection invites the attention of the Government to their order G.O.Ms.919 dated 4.6.52 in which they have sanctioned commission at the rate of 0-2-0 per maund to the Karaikudy Co. operative Stores. The Board requests that the S.K.C.C...Stores Limited may also be sanctioned this rate of commission viz 0-2-0 per maund.

2. As regards standardisation charges, the S.K.C.C. Stores Ltd., have stated that the present rate of Re.0.0.6 per maund is too meagre and that they may be allowed the rate of Re.0-1-3 per maund allowed in the case of imported foodgrains purchased outright. Though this rate is high, the Collector has stated that the market rate was very high and that Re.0--1--3 per maund might be allowed. As the conditions have not varied since then and as the labour charges in the District are presumably very high, the Board has accepted the Collector's recommendation and is directing him to allow the rate of Re.0-1-3 per maund or the actual charges incurred whichever is less. The Board requests that its action may be approved.

[illegible] Circular No.11-52,dated 24th June 1952, [illegible] Circular, to the Secretary to the Government of [illegible], Board of Revenue (CS) Allms.

Sir:

Subject: Civil supplies - Accounts - Storage of food grains on Government accounts - entrusting to Co-operative societies - terms, conditions and accounting agency system - proposal - submitted.

Ref: Your letter No.[illegible]/A(3)/51/CS,dated 15.5.1952.

With reference to the orders contained in the above proceedings dated 6.6.1952, the President, M.C.S., Stores Limited, Madras, has stated that he is willing to take up the agency of the storage and distribution of food grains subject to the terms and conditions set out with the following modifications.

1) That actual transport and handling charges incurred by the stores including charges in respect of movements effected on the account be allowed to be paid to the Stores;

2) That standardisation charges at 0-1-3 per maund be paid to the stores instead of at 0-0-6 per maund;

3) That godown rent be paid at 0.0.6 per maund, per month or part thereof i.e. at the maximum rate allowed by the Board;

4) That commission at 0-2-0 per maund be paid to the stores instead of at 0-1-0 per maund.

5) That shortages incurred due to personal factors etc.beyond the control of the stores be permitted to be written off the accounts.

2. The Collector's letter No.55/52/A.2,dated 5.6.52 is enclosed. My remarks on the proposals of the M.C.S. Stores are as follows:-

Item 1: As the M.C.S. Stores Ltd., is the only wholesale distributor in this district the actual transport charges incurred by the stores in respect of all movements of stocks may be allowed.

Item 2: The Board has in its Lr.No.99729/ /51/CS, dated 3.1.51 sanctioned the payment of standardisation charges at the enhanced rate of 0-1-3 per maund for the stocks received in 1951. I recommend that the same rate may be allowed to be continued in this district.

Item 3: Godown rent at 0-0-6 per maund, per month or part thereof may be allowed provided the actual rent paid is not less than the fixed rate. If however the actual rent paid is less, the Stores may be allowed to claim only the actual rent.

Item 4: As this district it is not practicable to arrange the reception and storage of stocks entirely under Government auspices as there is no other equally suitable agency who is prepared to undertake it at a lesser rate of commission. Hence I recommend that the commission of 0-2-0 per maund claimed by the applicant may be allowed.

Item 5: Shortage will be due to several factors as mentioned in the applicant's reference and shortages have to be determined by the Collector in consultation with the Assistant Entomologist. If the M.C.S. Stores proves that due shortage was occasioned and its control, compensation for shortage may be allowed.

I recommend that the grant of the agency work to the S[illegible].C. I. tores, Ltd., Bangalore on the terms mentioned above may kindly be sanctioned at a very early date.

Ref: Your Memo No.114772/51/S.II, dated 25.5.52 communicating the Board's ...o.19455/.I (3)/51 (CS) dated ...5.52.

...e are willing to take up the agency of storage and distribution of imported foodgrains in the District subject to the ...ment of commission and other charges as set out herein below.

1. ...ilway freight: Credit notes are to be issued by the Collector or by his authorised subordinate officers in favour of the Railway authorities for the freight charges due on the stocks imported.

2. ...ansport and handling charges: Actual charges incurred by the stores ...ile taking delivery of stocks from railway premises, stacking in our godowns movement of stocks from one depot to another including loading and unloading charges within the first instance be paid to the stores. We shall submit bills for ...se charges at rates in vogue at the time of incurring the expenditure, every month to the Collector for payment.

3. ...tandardisation of bags: Standardisation charges at 6 pies per ...und proposed to be allowed by the Board in the reference cited above is quite meagre and inadequate. In this connection I invite your kind attention to para 4 of the Board's ...No.99725/E/51 (CS) dated 3.11.51 in which standardisation charges in respect of imported foodgrains purchased outright against cash payment has been sanctioned at ...0-1-3 per maund. In request that following this precedent, standardisation charges may kindly be sanctioned at ...0-1-3 per maund on all stocks to be imported on agency basis whenever such standardisation is done under orders of the Collector or ...upply officers. ...ills for such charges shall be submitted every month for sanction and payment.

4. Godown rent: Godown rent at 3 ps. per maund per month or part thereof may kindly be paid to the stores on the stocks actually stored in our godowns. We shall submit bills for payment of rent every month.

5. Commission: Commission at 1 anna per maund proposed by the Board to be sanctioned normally in its reference cited above is too meagre to cover the cost of establishment, contingency and stationary charges. I therefore submit that commission at 2 annas per maund at least may kindly be allowed to the stores. Bills for such commission shall be submitted every month for sanction.

6. ...rinkage allowance: Shortages occurred in foodgrains beyond our control such as due to seasonal factors long storage etc. shall be reported to the Collector every month to accord permission for writing off from the accounts.
